

# Storytelling for Good

Ethos Strategy Group

## Discovery Through Interviews – Activity for Pairs *Based on an Appreciative Inquiry Approach*

Purpose: To get to know each other better; our strengths, our achievements, **our stories**

Instructions:

- Find an ‘interview’ partner.
- Spend 5 -6 minutes interviewing your partner and then switch roles.
- Use the space below to keep notes and be prepared to introduce this person to your group using the information you have learned.

You can use the questions below as an interview guide and add your own questions.

**Think of a time when you were proud to work or volunteer with your organization or another group/agency that works with people who are homeless or at-risk of homelessness.**

Describe the experience.

- What did you feel good about?*
- What role did you play?*
- What was your approach?*
- What principles or values guided you?*
- What difference does your organization make in the community?*
