

Working to Solve Homelessness:

Motivation, Power & Achievement Society

*“Empowerment in
Mental Health since
1971”*

The Motivation, Power & Achievement Society (MPA) was founded in 1971 as a non-profit charitable group. The founding members were individuals who were living with mental illness and their advocates. MPA has since established itself as a forerunner in mental health service and programs in various communities throughout Metro Vancouver. Their aim is to help those overcome their mental illness within an understanding, social environment.

MPA was been modeled on the strengths of Psychosocial Rehabilitation before it was the norm and providing those with mental illness a supportive, respectful and hopeful approach. MPA also provides 325 units of supportive housing, a Community Resource Centre for members, social justice and advocacy.
